

Where?

At the Tremont Town
office there are
dumpsters in the back
parking lot for recycling.
Please recycle at these
dumpsters.

Tremont's Recycling Brochure

PACKING PEANUTS, DIAPERS, BUBBLE WRAP, POLYSTYRENE FOAM, WAX BOXES,
PLASTIC FOOD BAGS, **NO GLASS**

Good for
Tremont
AND
Good for the
environment

Plastic bottles are one thing that is recycled in Tremont.

You can recycle plastic bottles that have the numbers 1-7. Look for a sign like the one on the upper left corner with a number (1-7) in the middle.

Paper is another category of recyclable. All you do is recycle paper that has been used (mail, flyers, office paper, etc., but be sure to take out any plastic!).

You can also recycle cardboard and boxboard (cereal boxes and gift boxes, for example).

Metal/Tin is another category that can be recycled. Empty, clean cans with labels, metal lids, and aluminum foil can all be recycled.

5 Ways to Make a Difference

Reduce: Buy less and in bulk to conserve packaging.

Reuse: Gently used items are just as good as new (and less expensive).

Recycle: Take items to the Tremont Town Office to be recycled.

Make a plan today to start recycling in your home: Wash, store, then recycle.

Spread the word: Tell others about Tremont's new recycling plan. You'll be saving taxpayers money and helping the environment, too!

Please do not recycle these things:

Trash

Food

Styrofoam

Diapers

Potato chip bags

Bubble wrap

Sharp objects

Hypodermic needles

Vinyl siding

Glass

(soon to be recycled as well)

We Thank You for Recycling!
